

SET B

Source code:

The screenshot shows the homepage of the CHARUSAT Student Event & Help Desk. The header is dark blue with the CHARUSAT logo and navigation links: Home, Events, Registration, FAQ, and Contact. Below the header, there's a section titled "Student Event & Help Desk" with a welcome message. The main content area is titled "Upcoming Events" and features two event cards: "Technical Seminar" and "Hackathon". The "Technical Seminar" card lists the date as 5 September 2026, the venue as Seminar Hall, and a description about learning from experienced speakers. The "Hackathon" card lists the date as 10 September 2026, the venue as Computer Lab, and a description about solving real-world problems. To the right of these cards is an "Event Registration" form with input fields for Student Name, Student ID, and Email, each with a placeholder text "Enter your [field name]". A "Register Now" button is located below the "Hackathon" card.

The screenshot shows the "Upcoming Events" page of the CHARUSAT Student Event & Help Desk. The layout is similar to the homepage, but the "Event Registration" form is now part of the main content area. The "Technical Seminar" and "Hackathon" cards are still present, with the "Register Now" button now located below the "Technical Seminar" card. The "Event Registration" form has input fields for Student Name, Student ID, and Email, each with a placeholder text "Enter your [field name]".
